Welcome to Stockade Round-Up 2020

Welcome to Stockade Round-Up 2020. We are proud to be celebrating our 42nd year of providing a valuable opportunity for cattle producers to showcase their best livestock to potential customers in the best facilities in Western Canada.

We will be hosting the Saskatchewan Angus Gold show once again and continue to work with the Saskatchewan Angus Association to provide a quality Gold show for the Angus industry.

In 2019, our DLMS viewership grew and reached a span of ten different countries and thousands of views. We will continue to broadcast our shows via DLMS this year. We will also be continuing with the multi breed stalling and tie-out bedding service. The Prospect Steer and Heifer Show will run on Saturday morning before our Junior Show.

We are excited to add the Princess of the Prairies Bred Heifer Showdown on Tuesday, November 3rd. Bred heifers entered in the Purebred show will be automatically entered in this NCAA bracket style tournament. A complete list of rules and details regarding the show can be found in the entry package. The committee is also pleased to host the Homecoming 2020 Speckle Park Sale along with T Bar C on Wednesday, November 4th @ 5pm.

We will be continuing with our online entry system, please visit www.lloydexh.com to enter.

Stockade Round-Up would not be possible without great sponsors and community support. Thank you to the sponsors of this year’s show. We greatly appreciate your support of the livestock industry.

COVID-19 has presented many challenges to the agriculture industry and our everyday life. We are committed to providing you with a safe environment to exhibit your cattle while being able to network and build connections over the four-day event. To ensure social distancing policies are met, the committee has instituted a new stalling format. Each exhibitor will be allocated 8’ of tack space for a fee of $100/exhibitor.

The committee strives to provide a relaxed atmosphere and friendly hospitality, which makes this show an ideal venue for producers to evaluate the market and show potential of their cattle.

We are looking forward to the 42nd edition of Stockade Round-Up and seeing the top-quality livestock that producers have to offer.

~Gord King, Stockade Round-Up Chairman

HoeGL
“Weaning is the most stressful part of a calf’s life. Feeding SweetPro to cow/calf pairs allows the calf to get familiar with the tubs while still being with their Mom. Once weaned, the calves have something familiar in the pen with them and will lick the tubs more aggressively.

We find on our ranch, over the last six years on SweetPro, the weaning process is less stressful on the calves because they are already familiar with the tubs, resulting in less sickness and the calves start eating quicker.”
